

Owner

To provide a summary of the objectives and controls that Snyk has implemented to protect information and assets owned by or entrusted to Snyk Ltd.

To provide detailed mapping of the measures and controls in place, supporting a framework of established processes which meet the requirements set out in the ISO 27001:2022 and ISO 27017:2015 Standards

Snyk Statement of Applicability

\*\*\* has implemented to protect information and asset
\*\*"nporting a framework of established proc Affected Parties Definitions ISMS: Information Security Management System

Status:Implementation Status

Reason code listed as follows: L = Legal or regulatory requirement, C = Contractual obligation/s, B = Business requirement or adopted best practice, R = Result of a risk assessment

Review and Maintenance At a minimum, this document shall be reviewed annually or if a significant change to the Snyk ISMS occurs
